Assignment Hub

**PRODUCT SNAPSHOT**

Prepared for the Nyangorri Boys School community

A CONNECTED LEARNING WORKSPACE

# Assignments, feedback, resources and practical skills on any device.

No app installation required. Learners sign in through a secure school workspace.

### For learners

- Assignments and revision
- Scores and feedback
- STEM practical activities
- Skills and study resources

### For teachers

- Create and publish assignments
- Auto-mark objective questions
- Review submissions
- Class and learner performance reports

### For school leaders

- Admission-number onboarding
- School identity and branding
- Role-based access
- Platform activity visibility

## How a school rollout works

1. School provides learner and staff onboarding records.
2. Learners access a branded workspace using school-issued credentials.
3. Teachers publish assignments and review performance by class or stream.
4. School leaders use reports to support academic planning and parent discussions.
